

GMO Center (Girls + Math = Opportunity)

About Liz Quant ~

Originally from Lomira, Liz graduated from Lomira High School where she was the class of 2006 valedictorian with a 4.0 GPA. Her freshman year of college was at UW Green Bay, her sophomore year was at UW-Fond du Lac, and senior year will be at UW-Oshkosh.

Since 7th grade she has been two years ahead in math. Her major in college is math and she is thinking about a career in financial advising. In her free time she enjoys music, spending time with friends and family, and traveling.

Tuesdays from 3:00 – 6:00 p.m. at UW-Fond du Lac, Classroom Bldg., Room 239

Thursdays from 3:00 – 6:00 p.m. at Sabish Middle School, Room 124

Tutor: Liz Quant

Does your daughter struggle in math? Any middle school or high school girl qualifies for free math tutoring as part of the GMSO (Girls + Math + Science = Opportunities) and regional GEMS (Girls Engineering Math Science) initiative. **FREE** drop in tutoring, study skills and peer mentoring are offered. The GMO Center is a very supportive place dedicated to helping girls succeed on both a personal and an academic level. Tutoring will be provided by Liz Quant, a math major at UW-Oshkosh. Fee: **FREE** and includes snacks, beverages, and bus tokens. Questions? Call Maggie Gellings at (929) 929-1332.

Sponsored by NEWAHEC (Northeast Wisconsin Area Health Education Center).
